LETTER FROM THE EXECUTIVE DIRECTOR

It has taken thirteen years, but for the first time we truly have a space to call home. In September, we opened the SBU Clubhouse, just down the block from Yankee Stadium. During the past two years, finding a safe space during out-of-school time has become more important for South Bronx teens as community safety concerns have risen since the pandemic.

With a mini soccer field and a classroom, the Clubhouse has given youth participants a space to play pickup soccer, get academic support, socialize with friends, meet with mentors, join game watch parties, and much more. The classroom has made it possible for SBU to expand its college access programming to a new group of high school students. Now, any high school student from SBU's community programs or community partners can apply. The field is making it possible for more families to introduce soccer to their children at ages as young as three years old, lowering SBU's waiting list. Older youth have more chances to play on afternoons and weekends regardless of the weather. Boys and girls teams are tackling social-emotional learning and leadership building through activity-based skill groups. Academic tutoring sessions are held every Friday. International food nights, immigration information sessions, and World Cup watch parties have brought families, children, teens, and alumni back in the door. At 3,000 square feet (plus another space for offices) the Clubhouse has rejuvenated staff, provided a way to engage more kids, expanded on SBU's programs and outcomes, and made a difference in more lives.

South Bronx United's growth in 2022 is another step in our vision to be recognized as an international leader in a local approach to sports-based youth development. It's another step towards the vision that all SBU youth can be given the support network they need to succeed in school, college, careers, and in their community.

At the same time, we continue to strengthen our existing programs. In 2022, we gave more than 1,400 young people (the most we've reached in one year) a chance to play sports and exercise at seven locations on weekends, after-school, and during the summer. Every SBU Academy senior graduated high school and is now enrolled in college, including our first graduates to attend Columbia University and Brown University. Thanks to the SBU College Access program at the Clubhouse, any local student-athlete can now work with SBU staff towards their goal of college and careers. And along the way, we continue to provide the ancillary services that help our youth and families to achieve, including immigration relief eligibility screenings and immigration legal services, social-emotional learning development, college success services, and career success mentorship to ensure that each journey ends with a degree and a career instead of just a high school diploma.

We look forward to furthering this impact through our new home for many years to come. In the following pages, please take the time to learn more about our work this year. If you haven't already, I hope you'll consider donating, volunteering, or becoming a champion for our work in the South Bronx.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew So".

Andrew So
Executive Director & Co-Founder
South Bronx United

“A safe space for young people during out-of-school time”

Jul 2021 - SBU Signed Lease

Aug 2022 - Construction Completed

Sep 2022 - SBU x LeagueApps Ribbon Cutting

Oct 2022 - SBU Community Ribbon Cutting

The SBU Clubhouse is a 3,000-square-foot space that features a mini soccer pitch and a classroom that converts into an event space. The Clubhouse opened in fall 2022 along with SBU's new offices to become the first space fully operated by South Bronx United. It is a safe space for young people during out-of-school time, their place for:

Pickup Soccer
Socializing
College Access Programs

Tutoring
Family Nights
Children's Soccer Classes

Youth Soccer Training
Watch Parties
Birthday Parties

The SBU Clubhouse was made possible by the LeagueApps FundPlay Campaign, which raised \$50,000 to complete the mini-pitch. SBU would also like to acknowledge Laureus Sport for Good USA Foundation, M&T Charitable Foundation, and AO Impact in addition to other individual supporters.

THE SBU CLUBHOUSE

MISSION AND VISION

South Bronx United's mission is to use soccer as a tool for social change. We aim to help youth build character, teamwork, and leadership so that they can succeed in high school, college, careers, the greater community, and beyond. We strive to promote educational achievement, health and wellness, and character development through activities on and off the soccer field and to unite a diverse group of individuals and an incredibly diverse community toward common positive goals.

ACADEMICS
LEADERSHIP
HEALTH & WELLNESS
IMMIGRATION

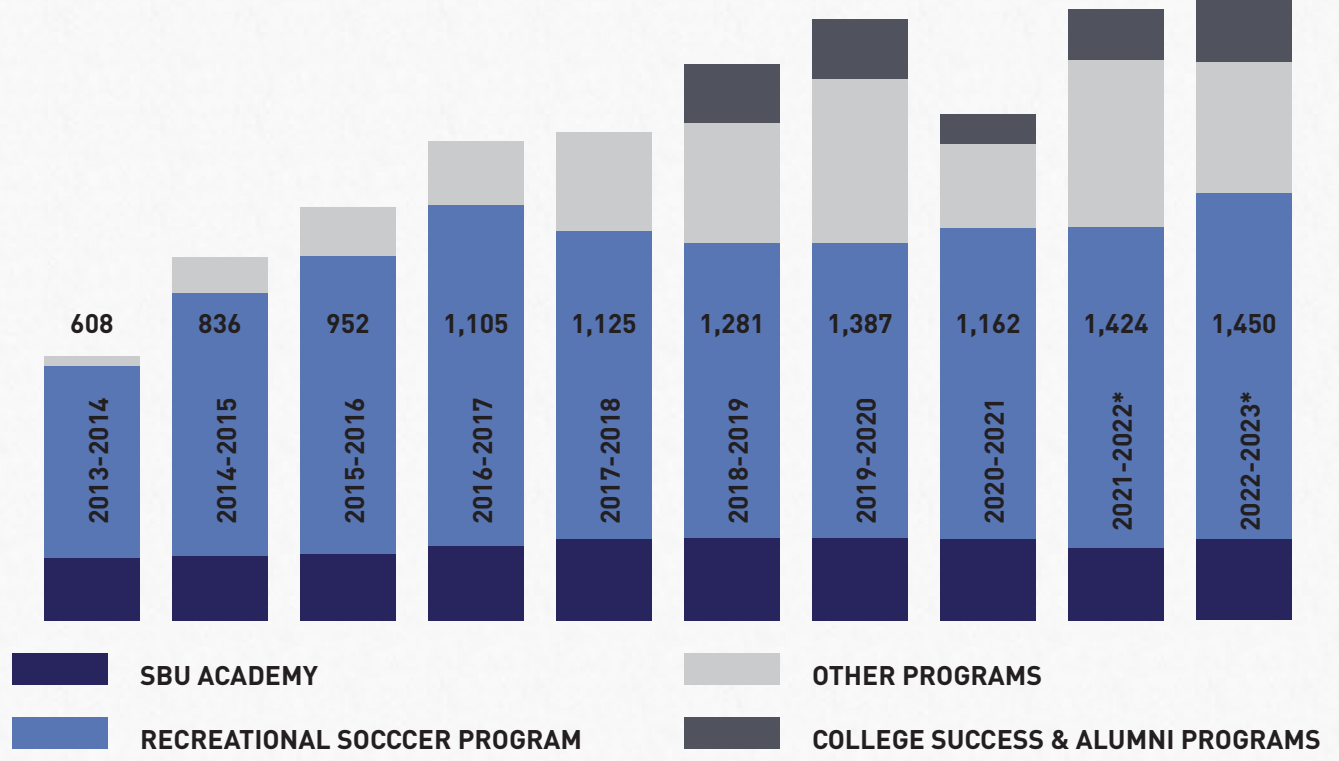

SBU envisions a South Bronx community where:

- ... all youth have the support network they need to succeed in school, college, careers, and their community.
- ... all youth have access to educational, athletic, and college and career readiness resources.
- ... all immigrant families receive dignity, support, and opportunity.

SBU's vision is to become:

- ... an international leader in a place-based approach to using sports for youth development.
- ... a citywide leader in expanding academic, college, and career opportunities for immigrant youth and their families.
- ... a community leader in youth development programs and services for at-risk and immigrant youth.

Number of Youth Served

The SBU Academy provides a pathway from middle school to high school to college to careers for primarily first-generation and immigrant youth. The program keeps youth on track academically and supports their mental and physical wellbeing by combining competitive soccer with academic enrichment, college prep, mentoring, leadership development, and youth and family support services. All student-athletes train and compete with one of ten travel soccer teams, while attending at least two afternoons or evenings of classroom-based programming each week. This includes after-school tutoring, boys and girls discussion groups, high school preparation, math and English groups, SAT preparation, and college prep mentoring for high school seniors. Throughout the year, youth participate in college trips, service projects, leadership activities, and team-building events often. During the summer, most participants attend the five-week, full-day Summer Soccer Scholars program.

188 Youth Served, Ages 11-19

THE SBU ACADEMY

The Student-Athlete Pathway

The Student-Athlete Pathway guides the design of the SBU Academy program in the classroom and on the field. SBU supports participants through middle school and high school with annual, grade-level focus areas and target outcomes centered around the student-athlete's academic growth, college prep and college success, social-emotional growth, and athletic growth. For example, 9th graders work in the classroom on advanced expository writing and attend workshops to better understand school transcripts and the college process. They focus on a social-emotional learning goal of developing self-identity and communication skills. On the soccer field, coaches work with them to increase speech, agility, and quickness with and without the ball while better understanding principles of attack and defense.

The SBU Academy at a Glance

HIGH SCHOOL GRADUATION RATE SINCE 2012 100%

FOUR-YEAR HIGH SCHOOL GRADUATION RATE, SINCE 2017 96%

FOUR-YEAR GRADUATION RATE FOR THE CLASS OF 2022 100%

Only 59% of students in South Bronx schools graduate high school in four years.

COLLEGE MATRICULATION RATE FOR THE CLASS OF 2022 100%

GRADUATES MATRICULATED WITHIN ONE YEAR SINCE 2017 96%

Only 59% of Bronx graduates enroll in college within six months.

STUDENTS PROMOTED TO THE NEXT GRADE 99%

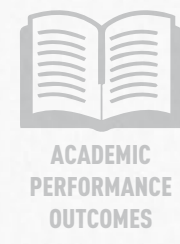

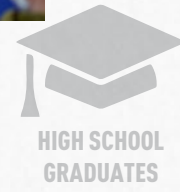

STUDENTS WHO HAD SCHOOL ATTENDANCE RATES OVER 90% 91%

Up to 40% of children in the South Bronx are chronically absent from school.

Comparison sources: New York State Department of Education, Citizens Committee for Children, South Bronx Rising Together

Coaching Corps

SBU Academy high school students and alumni have the opportunity to work or volunteer as coaches and referees in the Recreational Soccer Program and at SBU Community Schools sites. The most committed students can join the Coaching Corps, a year-long fellowship that provides in-depth training and experience for a select cohort of young leaders. Coaching Corps Fellows prepare to work as youth coaches and mentors through monthly training sessions, practical experience serving as assistant coaches in an SBU program, individualized coaching support, U.S. Soccer coach licensing courses, and the option to be certified as referees. They also receive a \$1,200 program stipend. Five fellows completed the 2021-2022 year. To date, 23 young people have completed the Coaching Corps Fellowship.

Social-Emotional Learning

Based on survey data from Hello Insight

90%

of youth demonstrated gains in at least one of the core Social-Emotional Learning Capacities

83%

of youth reported having at least three supportive adults in their lives, a number that is linked to positive outcomes such as positive health, education, and employment

81%

of youth demonstrate advanced goal orientation (envisioning a positive future and setting a path forward to achieve their dreams)

Summer Soccer Scholars

Eighty-two SBU Academy student-athletes attended the Summer Soccer Scholars program last July and August. The full day program for rising 6th through 11th graders features five weeks of academics, soccer, team-building, exploration, and trips. Participants arrive daily at 9 am to attend an elective class (Art, Fitness, Music Storytelling, the Game of Life, Fitness, and the Soccer Multiverse). They then take two required courses (Humanities, Math, or Health) and select an "SBUniversity Major". Majors in 2022 included Robotics, Sport Psychology, Photojournalism, and Business. After lunch, students train on the soccer field or compete in a summer-long World Cup. The day ends at 3:30pm. On Fridays, participants head out on field trips to fun destinations including Governor's Island, Bear Mountain State Park, Jones Beach State Park ropes courses, a Central Park scavenger hunt, and Dorney Park. Interns from a diverse set of colleges complement staff to serve as assistant teachers, coaches, and mentors.

College Success Program

"SBU has opened every single door for me. Thanks to SBU's academic weekly support, I graduated High School with honors. Thanks to SBU, I am part of the Business Honors Program at Mercy College. Thanks to SBU, I will have my second Internship at PricewaterhouseCoopers next summer. Thank you, SBU, for allowing me the opportunity to be part of the staff as the office coordinator and to coach the Boys U10 on the team. Thank you for giving me a voice and putting me out there to face my fears."

*Inaugural SBU College Access Program Graduates

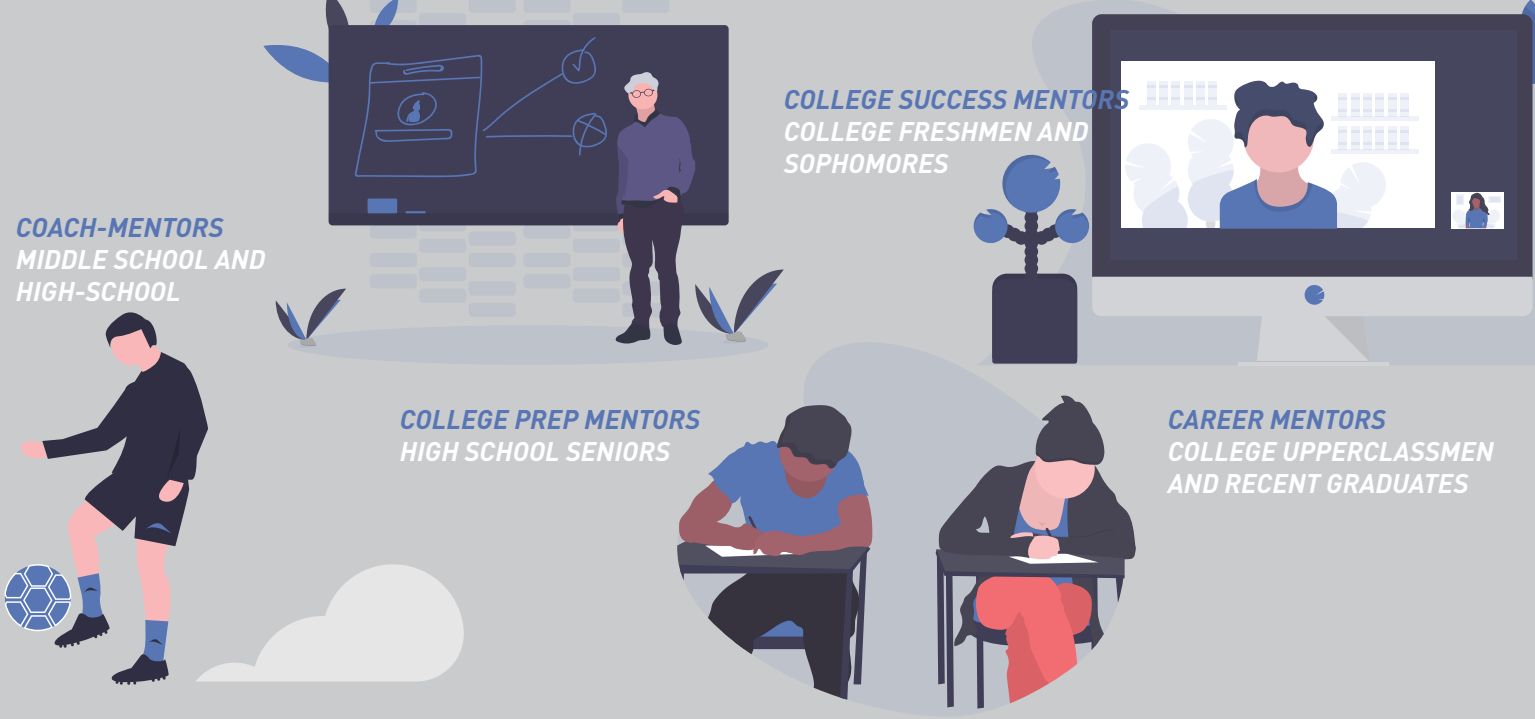

"SBU taught me the value of hard work... I want to be able to look back on my life and be like, I did the most with what was given to me. I did focus a lot of my life on school, a lot of my life on this outcome, which was getting into school; and because of that, when I come back, I'll be able to help my family on a different level."

Franco Sorza
 SBU Academy Class of 2022

SUMMER SOCCER CAMP
SBU PRE-ACADEMY
GLOBAL YOUTH LEAGUE
SBU COLLEGE ACCESS PROGRAM

RECREATIONAL SOCCER

SBU's largest program by enrollment, the Recreational Soccer Program provides opportunities for children to learn and play soccer in a fun, developmental environment over 33 weeks of the year. The Saturday program is held at three sites in the South Bronx: Macombs Dam Park, Rev. T. Wendell Foster Park, and Patterson Park. Open after-school sessions give children additional chances to play and train.

814 Youth Served, Ages 4-16

May 14, 2022 - SBU Literacy Day

Sep 10, 2022 - SBU Health and Wellness Day

CLUBHOUSE CLASSES

Children with and without experience join for small-sized indoor soccer classes at the SBU Clubhouse. Younger children learn the game while building hand-eye-foot coordination and listening skills, while older youth develop their soccer skills in tight spaces. Paid coaches are almost exclusively alumni of the SBU Academy.

161 Youth Served, Ages 3-15

SBU COMMUNITY SCHOOLS

SBU offers after-school programming for students at several South Bronx schools one to two afternoons per week at each site. Every school site is staffed by at least one head coach and a young leader, an alum or high school student from the SBU Academy who serves as assistant coach through the Coaching Corps fellowship.

Boys Prep Elementary School
Girls Prep Elementary School
Girls Prep Bronx Middle School
PS 218 WHEDco Afterschool Program

105 Youth Served, Ages 7-12

SUMMER SOCCER CAMP

SBU's six-week, half-day summer soccer camp runs through July and August. The camp gives elementary-aged children the opportunity to learn soccer and play in a fun, developmental environment for one week at a time. The camp is open to young players of all levels.

152 Youth Served, Ages 5-12

GLOBAL YOUTH LEAGUE

The Global Youth League (GYL) offers high school girls and boys the opportunity to compete in a Saturday soccer league, along with access to immigration screenings and social work services. The GYL is open to all teens from the Bronx and northern Manhattan with a particular focus on supporting immigrant youth. All participants are invited to apply to the SBU College Access Program.

107 Youth Served, Ages 14-19

SBU COLLEGE ACCESS PROGRAM

In its second year, the SBU College Access Program (formerly the Global Youth League College Access program) brings college prep resources and SBU's strong college outcomes to 10th through 12th graders who do not otherwise receive adequate college counseling in their schools. Most program participants join from the Global Youth League recreational soccer program or partnering high schools. Eleventh grade students start the school year with the Liverpool FC Foundation's 10-week Global Works Program.

10th Graders: Monthly College Prep Workshops for Youth and Families

11th Graders: Weekly Employability and College Prep Workshops

12th Graders: Weekly College Prep Sessions & Individualized Application Support

SBU PRE-ACADEMY

Through the SBU Pre-Academy, boys and girls in 3rd through 5th grade compete on one of three travel soccer teams, training twice each week on the soccer field while developing as athletes and individuals. Teams compete within the greater New York City metropolitan area. The program offers preparation for youth prior to joining the SBU Academy, which starts in 6th grade. Staff also hold middle school preparation workshops and offer other family services.

38 Youth Served, Ages 8-11

IMMIGRATION LEGAL SERVICES

South Bronx United is recognized by the Office of Legal Access Programs (OLAP) at the United States Department of Justice. This allows designated staff to practice immigration law and represent youth, families, and the community in proceedings before Immigration Court and the United States Citizenship and Immigration Services (USCIS). SBU's Immigration Services Program Manager, a DOJ accredited representative, assesses the needs and eligibility of youth and their family members, manages immigration relief cases, provides legal services and referrals, and offers information to community members on relevant immigration issues. These steps are crucial to improving the lives of many youth and families and to helping youth on the path towards college and careers. South Bronx United has supported youth and families in gaining work authorization, legal permanent residency, asylum, and citizenship, with a particular focus on cases for undocumented youth who are eligible for Special Immigrant Juvenile Status (SIJS) and Deferred Action for Childhood Arrivals (DACA). Staff also organizes Know Your Rights sessions and immigration clinics for youth and parents. SBU is a member of the Bronx Immigration Partnership and the New York Immigration Coalition.

In 2022, SBU supported the applications of 5 new US Citizens...

"At South Bronx United, they care for you, for family members, and their main focus is on how to make the community in the south Bronx better not only for the kids but for the parents. In my case, SBU offered me their legal services. My status had been complicated since I came over the border into the United States as a child. But thanks to SBU, I became a legal permanent resident of the United States in 2015. When I graduated High school, this gave me the opportunity to attend college and live my dream. I am the first in my family to attend college, something I used to think would not be possible. In my first year of college, I became a US citizen and now I am able to work anywhere I want with no problem. I am extremely grateful for every single blessing that has happened to me ever since I joined this extraordinary club."

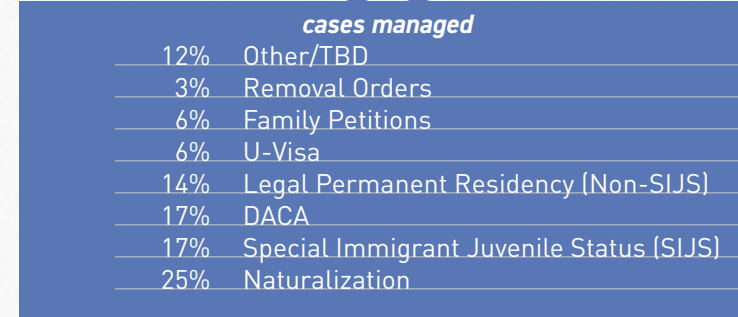

Maria Martinez-Anguiano
SBU Academy Cass of 2020
Lehman College Class of 2024

"I knew that I wanted to become a citizen, but I hadn't decided exactly when or how I would do that. When the opportunity came to have SBU help, I said, yeah, I'm going to do it. I was nervous the whole time, but I got through it. Truly, it is a very good service; and, because it's free, it's accessible to those who have few resources... I'm so grateful—so grateful, because I was always thinking, when am I going to do this? When? I'm going to have to pay. I'm going to have to do this and that and run in circles. But, all I had to do was go to the SBU office, and they helped with everything. It was a great opportunity, and I am so grateful to SBU."

Delia Flores
